

Coastal Engineering Technical Note

COASTAL ENGINEERING CONTACTS IN THE CORPS OF ENGINEERS

PURPOSE: To provide recipients of the Coastal Engineering Notebook coastal engineering contacts in the Office of the Chief of Engineers and Corps field offices. Having a point of contact encourages direct informal technology transfer (passing the word) among Corps offices.

LIST: Please report any changes or corrections to CERC so that appropriate updates can be made and the list kept current.

NOTE: The relative hours of the day for each set of telephone numbers are shown by the time next to the numbers.

COMMANDER
